

# ORGANIC KIWIFRUIT— YEAR-ROUND SUPPLY

**AWE SUM ORGANICS** Kiwifruit is sourced from top growers in both the Southern and Northern Hemispheres to ensure a year round supply. The fruit is harvested at the ideal time to ensure the peak flavor and perfect ripeness. Brix levels and dry matter content are carefully monitored throughout the growing season, and fruit is not harvested until the balance between the two is just right. We work closely with each grower to guarantee that each Organic Kiwifruit meets our high standards.

With the perfect combination of sweet and tart, Awe Sum Organics Kiwifruit is packed with Vitamin C, Vitamin E, Potassium, Folic Acid, enzymes, and antioxidants. The nutrient density present is the reason that our Kiwifruit are known throughout the world as a nutritional powerhouse.

Call your Sales Rep for details on our YEAR-ROUND kiwifruit program.

**VARIETY** Green, SunGold
